You do not have to choose events for All Around. We will drop the lowest of your four scores in each event to calculate event point totals. All

Event points earned within your age division will then be added to calculate All Around winners.

You must be entered in an event and compete in that event at least three times in order to qualify for prizes and All-Around points.

Parent/Guardian Signature X _____ Date: _____

Rodeo event fees are due at each rodeo or you may pre-pay all fees for the entire series.

Event fee payment must be made before books close at each rodeo or the contestant will be scratched from that performance.

All contestants (including ropers) should plan to be on-site by the start of each performance.

**We ask that each contestant participate in the Grand Entry in order to show respect for our country and
to those who have served or are serving our nation.**
